DAN SCRIBNER FOUND GUILTY

Attorneys Close Argument
at 10:30 Last Evening and
Verdict Rendered at
9:30 This Morning.

We, the jury drawn empanel-
ed and sworn in the above enstif-
ed cause, do upon our oaths find
the defendant, Dan Scribner,
guilty as charged in the indict-
ment herein, and assess the pun-
ishment at death.

"C. Y. PARTAIN, Foreman."

The above is the wording of the
verdict of the jury in the Dan Scrib-
ner case in the Pontotoc county court
room at 9:30 o'clock this morning.
Testimony was finished and the at-
torneys commenced their argument
about 2:30 yesterday afternoon and
concluded at 10 o'clock last night.
Duke Stone opened the argument for
the state and made a most effective
plea for vindication of the majesty of
the law. His reference to the widow

HON. ROBT. L. WIMBISH
County Attorney of Pontotoc Who
Secured a Verdict of Death in Dan
Scribner Murder Case. Pontotoc's
Attorney during the past five
months has been the busiest offi-
cer in the state.

and orphans of Zeke Putman and the
result of the Scribner conspiracy was
touching and pathetic, and there was
scarcely a dry eye in the vast throng
of people who crowded the court
room to witness the climax in this
celebrated case.

Stone was followed by W. C. Dun-
can, an able attorney and a good
speaker, who pleaded the cause of the
defendant. J. W. Dean was the next
speaker for the state. He followed
the conspiracy from first to last, con-
necting every link in the chain of
evidence, circumstantial and other-
wise. When Mr. Dean had finished
the court adjourned for supper un-
til 7:30.

J. F. McKeel opened the argument

at the night session in behalf of the
defendant and made a strong and im-
pressive plea for the life of his client.
Mr. McKeel had a good grasp of the
situation and held the attention of
the jury. It was certainly no fault
of his that his client was convicted,
but rather a lack of evidence in be-
half of the defendant.

The last speech was that of Robert
Wimbish, Pontotoc county's able and
efficient county attorney. He under-
stood his case as well as his preroga-
tives, and many people present stated
that they had never heard a stronger
plea in behalf of the state and the
people's laws.

Mr. Wimbish never abused the vic-
tims of the state's prosecution, but
related the facts as they had been
developed in the trial and plead for
the enforcement of the letter of the
law.

When the argument was in progress
last night even standing room
was at a premium. The halls were
filled and people stood on the street
below and listened to the attorneys
in their final argument.

The jury repaired to their quarters
at the boarding house and retired
about twelve o'clock. It is stated that
they had unanimously agreed upon
a verdict of guilty before they re-
tired.

When the verdict was rendered this
morning there were not so many peo-
ple present as had been in attendance
at the trial, owing to the early hour.
When the verdict was read Scribner

Veteran Criminal Lawyer in His
Conduct of the Defense of Dan

showed little signs of emotion. He
shook hands with his attorneys and
was remanded to jail. Just when the
court will pass sentence is not
known.

Court adjourned immediately until
Monday, at which time it is under-
stood that the trial of Mack Lee will
begin.

NEW YORK WHEAT FOR WEST.

Again Makes Shipment of Wheat to
the Wheat Belt—Unusual
Condition.

New York, June 3.—It seems like
carrying coals to Newcastle or toss-
ing apples into an orchard, but it is
a fact that New York is again ship-
ping wheat to the far West.

Inquiries are being received from
as far away as Texas for New York
red wheat. Already two boat loads
are en route from here to Buffalo,
four more are loading and some ship-
ments have been made by rail. This
unusual action is made possible by
the great scarcity of cash wheat sold
here yesterday at \$1.47 and \$1.50 was
asked at the close.

SENATOR STONE TAKES A RAP AT ALDRICH

CLASH IN A DISCUSSION OF FOR-
EIGN MATTERS.

Stone Read Statement of Aldrich
From Senate Record.

Washington, D. C., June 3.—Ald-
rich's recent characterization of the
course of any government which
might send to this country any an-
onymous statement concerning prices
in a foreign country with a view
to influencing legislation, was made
the subject of an acrimonious colo-
quy in the senate today between Ald-
rich and Stone.

Stone brought up the question soon
after the senate convened by read-
ing a telegram from Berlin in which
it was stated that the German gov-
ernment had taken offense at Ald-
rich's language.

"When the senator from Rhode Is-
land made that somewhat petulant
and extraordinary declaration," said
Stone, "every one here took notice,
and I think every one regarded his
utterance as impolitic if not im-
polite."

Aldrich, who had listened attentively,
arose and said:

"I made no charge against the Ger-
man government. I was talking
about German manufacturers, whose
names were kept from us and who
furnished the information with the
express understanding that it was
not to be used in the enforcement
of our custom laws. The senator from
Missouri may consider that informa-
tion of value. I do not."

Stone then read the statement
made by Aldrich as it appeared in
the Record.

Considerable argument was sent
back and forth and finally Aldrich
declared that he was at a loss to
account for Stone's attitude in the
matter unless the latter appeared as
a "representative of the German gov-
ernment."

This intimation made Stone angry.
His face flushed and there was far
more than usual animation in his
reply:

"That statement," he said, with de-
liberation, "is an impertinence" and
apparently feeling that his character-
ization had not been strong enough,
he added: "Yes, it's worse than an im-
pertinence."

JUSTICE KANE TO WED.

Chief Justice of Oklahoma Supreme
Court Will Be Married June 9.

Guthrie, Ok., June 3.—On June 9
Chief Justice Kane of the Oklahoma
supreme court will be married at St.
Paul, Kas., to Miss Katharine Rea-
gan.

Chief Justice Kane announced his
engagement several months ago. The
marriage will be the culmination of
an old romance dating back to the
time when a young barrister from
Niagara county, N. Y., took Horace
Greely's advice and "came West" to
Wichita, Kas., to practice law. The
chief justice remained in Wichita
two years and came to Oklahoma at
the opening. Shadows which inter-
vened between himself and his old
sweetheart have rolled away with his
brilliant career in Oklahoma and his
elevation to the most honorable po-
sition in the hands of the people
of the state.

The chief justice is 45 years of
age and a graduate of Georgetown
University, Washington. His wife is
to be an orphan and lives with her
people at St. Paul. Ed J. Kelley of
Waurika, Okla., will be best man.

STUDENTS TO WORK WAY.

Will Make Two Dollars Per Day
Cleaning Brick.

A number of State University stu-
dents will remain in Norman during
the summer, earning two dollars each
day, in the work of tearing down the
old administration building, partially
destroyed by fire, and cleaning off
the brick. They will work under the
supervision of a foreman. There are
many thousand brick that can be
used again for inside layers in con-
structing the new building.

Mr. and Mrs. J. Bedford and Miss
Lucille Hall left today for Corpus
Christi, Tex., where they will spend
the summer months.

TECUMSEH HOLDS AN INDIGNATION MEETING

CITIZENS SEEM TO BE BROUGHT
UP OVER REPORTS OF TRIAL.

Report That They Are Satisfied With
Result of Maben Case Denied.

From the Shawnee Herald.

When Tecumseh people read in the
Ardmore papers, an interview from
Judge A. C. Cruce, who lives in that
place to the effect that public senti-
ment was satisfied with the verdict
of the jury in the Maben case, their
wrath knew no bounds and an indig-
nation meeting was called and held
in the district court room, the room
where the case was heard, last night.
The room was filled with both men
and women, each seemingly charged
with wrath to the bursting point.

Rev. Tienor called the meeting to
order and presided over it. His open-
ing of the meeting was followed by a
spirited speech by Rev. McBroom.
McBroom's speech was short, dealing
with law and order and in the course
of his remarks he took occasion to
scold the court and jury heavily.

Mr. Carson followed Rev. McBroom
his remarks though being very rad-
ical, seemed to harmonize with the
sentiment of the occasion.

At this juncture, Attorney Baldwin
arose in defense of the court and
jury. He stated that it was the duty
of every man lawyer or citizen to
rise in defense of the judicial system
when it was attacked as it had been
by the preceding speakers. He had
succeeded in saying but a few words
when there were cries of "Put him
out", "Make him sit down", "Shut him
up", etc., heard from all parts of
the room. It was with difficulty that
the chairman reserved the floor for
the speaker. One lady arose and said,
"Mr. Baldwin, will you shut up?" to
which he replied, "I will when I am
through." Several of the ladies pres-
ent declared they would leave the
room if Baldwin was allowed to con-
tinue. With many interruptions and
continued cries of stop him, Baldwin
continued for several minutes in de-
fense of the court and jury.

Mr. Myers followed Baldwin, tak-
ing the court to task for the instruc-
tions to the jury. He declared that
it was the strict duty of the jury to
render their verdict according to the
law laid down and the evidence in
the case. He expressed his opin-
ion that the jury should have ignored
the instructions from the court and
convicted the defendant on the evi-
dence given.

Rev. Crabtree continued the argu-
ment, citing the conduct of one of
the attorneys for the defense, declar-
ing that he lay drunk in the court
room. "This same lawyer," he said,
"being president of an order called
the 'Sons of Washington.' Such a
man is a disgrace to civilization and
a shame to the profession of law."

Rev. Tienor, following Crabtree,
stated that the verdict of the jury was
not the verdict of the people of Tec-
umseh. With bitter denunciation, he
riddled the court and jury, declaring
that silence in this case is no longer
a virtue. He concluded with, "Let
us rid this county of its rotten-
ness."

Bitterest of all was the vitriolic
talk of the Rev. Mrs. Miller, the evan-
gelist. After deploring the fact that
she couldn't take the place of a man
in this fight, she employed, "Men, for
God's sake, rid your county of such
officials, but don't heap all the con-
demnation upon one man. Run the
whole push out."

Rev. Jordan concluded the meeting
with an address in keeping with the
remainder of the talks. His appeal
was directed to those who were in-
fluential to do all in their might for
the betterment of the county.

The meeting was then adjourned,
with the announcement that further
and more decisive action will be tak-
en.

Kills Mother-in-Law.

McLoud, Okla., June 3.—Mrs. P. R.
Tomai, 54 years old, wife of a far-
mer residing three miles north of
McLoud, was shot and fatally wound-
ed this afternoon by William Davis,
her son-in-law, while Mr. and Mrs.
Tomai and Davis quarreled over fam-
ily affairs in the corn field, half a
mile from the house. Davis surren-
dered to the authorities and was tak-
en to jail at Chandler.

NINETY DAYS MORE.

Time in Which to File Exceptions in
Town Lot Cases.

Tulsa, Okla., June 3.—Judge Ralph
Campbell of the federal court has
granted a motion of Preston C. West,
attorney for Governor Haskell and
others, recently indicted for land
fraud for an additional ninety days
in which to file exceptions to Judge
Marshall's decision overruling the mo-
tion to discharge the grand jury. Just
before the grand jury was discharged
by Judge Marshall the defendants
moved that the entire panel be dis-
charged on the ground that it was il-
legally drawn. It was charged by the
defendants that the crime, if any had
been committed, was in the old north-
ern district and not in the western
district, and that no provision had
been made in the enabling act for a
continuance of the jurisdiction which
existed when Indian Territory was
subject to the federal courts.

Mrs. O. D. Wright of Francis, was
as Ada visitor today.

ENGLAND AND AMERICA AND WAR

War between England and Germany
may become an imminent possibility,
not because there will be any real
occasion for hostilities between these
two great nations, but because the
people of those nations at breakfast
dinner and supper discuss such a
war as a probability. Other nations
of Europe are naturally led into dis-
cussion of the same topic, and even
in our own America there is no little
comment along the same line as a
matter of world gossip.

In this connection there has been
some speculation as to the relations
that would likely develop between
America and Britain in the event of
a war between Germany and England.
Mr. Asquith has, in the opinion of W.
T. Stead, lost a great opportunity by
failing to include America in his es-
timate for the two-power naval stand-
ard because of kinship. His colleagues
Gray, Haldane, Morley and Church-
ill, recognized the error and hoped
that he would seize the first oppor-
tunity to correct it, which he failed
to do.

The declaration expected was that
the British navy was maintained as
a protection against foreign war;
that war between the English-speak-
ing nations would be civil war and
civil wars were never regarded as
among the contingencies the navy
was maintained to meet; that the two
power standard referred strictly to
non-English-speaking nations; that
neither on land nor sea did the Brit-
ish government make any prepara-
tions or incur any expenditures
against what they regarded as the
unthinkable possibility of what would
be civil war among brethren.

Mr. Asquith excluded America from
the estimate, not because of consan-
guinity, but because of its remote-
ness. Instead he could have in the

opinion of his friends, struck a chord
that would have vibrated around the
world.

English statesmen do not, contrary
to the general impression, expect aid
from America in the event of war,
but they do count upon America re-
fusing to join England's opponents,
and they realize that before long
America will have a fleet as strong
and perhaps stronger than their own.

Englishmen believe, also, that in
the event of English defeat in war
the colonies will hoist the stars and
stripes before they will pass under
the domination of a non-English-
speaking power. This is not difficult
of understanding when the close prox-
imity of Canada is considered, and
the hearty welcome which the Ameri-
can fleet received upon its recent
visit to Australian waters had a
deep significance in this connection.

PROPOSES NATIONAL SLOGAN.

E. C. Simmons Plans a Political Party
for Business Men.

St. Louis, Mo., June 3.—Amalgama-
tion of the 100,000 commercial orga-
nizations of the United States into
a business men's political party was
advocated by E. C. Simmons, presi-
dent of the National Sunshine Society
or Prosperity Association at the an-
nual banquet of the St. Louis chapter
of the American Institute of Banking
here tonight.

The National Prosperity Association
was practically organized by Mr. Sim-
mons at the close of the panic, prior
to the election, and the doctrine was
"Give us rest and sunshine." The
organization was to restore confi-
dence and aid the revival of busi-
ness.

The Business Men's Party, he de-
clared, would come into existence on
the platform, "Give us fewer laws and
better laws." Toward organizing such
a party he expressed his intention of
getting representatives of as many
business and commercial clubs as
possible together here during the
centennial celebration in the fall.

"My idea is," he said, "that these
100,000 or more commercial organiza-
tions form a Business Men's Party.
Through such an association or co-
operation they could and would exert
a most beneficial influence on the
large affairs of the country. If only
half of them would join at the start
it still would be a potential party."

"There has been too much political
contention. It would be well to
change the term of office of president
from four years to eight years and
eliminate the right of succession. We
also have too much lawmaking and
agitation."

KONAWA TO THE FRONT.

Votes \$35,000 Bonds for Water and
Lights.

Konawa, Okla., June 4.—With a
clear sky and balmy air, a day ideal
for the occasion, the final voice of
the people of Konawa was registered
on a question that has been occupying
their attention for some time, that
of municipal ownership of a water
works plant and an electric light
plant. By a majority unquestionably
typical of their sentiments it has
practically been settled for all time
to come.

Although not so heavy as was an-
ticipated, or so heavy as was cast
in the last city election, the vote
cast Monday is sufficiently large to
leave no doubt in the minds of
any as to its being expressive of
the wish of the people of Konawa.

Out of 109 votes cast there is a
majority of 76 or a little over three
to one in favor of the city buying the
plants.

The campaign was peculiar in the
fact that there was no extensive
talk. On a question of this impor-
tance this is a queer fact. Everyone
seemed to have his mind made up,
saying nothing about it, and was sat-
isfied to allow his neighbor to fill the
same position.

COMPROMISE IS SOUGHT.

Governor Haskell Holds Up Okla-
homa County Judgeship.

Governor C. N. Haskell has unoffi-
cially announced that he will not
make his appointment of superior
judge for Oklahoma county until Sat-
urday. A number of local aspirants
visited the executive mansion Thurs-
day with a view of ascertaining where
the plum was going to fall.

It was rumored in Guthrie Thurs-
day night that Governor Haskell had
sent the Oklahoma City delegation
home for the purpose of getting them
to agree on a compromise, and in this
manner relieve him of any responsi-
bility. This could not, however, be
confirmed.

It is the opinion of the followers of
the situation that Attorneys A. N.
Munden and J. H. Grant, are leading
in the race. No expression as to the
situation could be secured Thursday
night, from any one of the men who
returned from Guthrie.

CASH WHEAT SOARS.

Highest Price Paid Since Civil War.
Future Market Prices Down.

St. Louis, Mo., June 3.—Cash wheat
reached the highest price on change
today ever touched since the Civil
war. A car of No. 2 red winter
brought \$1.65, a price never reached
in this market since 1868.

No. 2 hard winter wheat brought
\$1.47, which is the highest price on
record in this market. The demand
for cash wheat was slow and the of-
ferings small, which probably ac-
counted for the high prices brought
by the two grades.

Despite the record prices for hard
winter and red winter cash wheat,
the future market went down instead
of up. This condition of the future
market is attributable to the good
condition of the growing crops, both
in this country and abroad and to the
fact that harvesting has al-
ready commenced in Texas and other
Southwestern states.

Governor Wants Name Changed.

Guthrie, Ok., June 3.—Gov. Haskell
has postponed action upon a procla-
mation for the proposed county of
Orville, heretofore known as Park
county, which it is intended to create
out of Kiowa and Comanche counties.
The name was selected as a distinc-
tion to Orville T. Smith, law clerk
to Gov. Haskell. The governor told
visiting delegations today to select
another name; that he would issue a
proclamation for no county named
after an employee of his office. Mr.
Smith insists that the naming came
without suggestion upon his part.

Spuds Look Good.

The farmers of this section are feel-

prospects for a bumper crop of

Naturally the merchants join in the

are that they will bring a high mar-
ket price.

Hon. Tom D. McKeown, member of the state bar commission, returned from Guthrie today where he had been passing on the qualification through examination of various attorneys over the state. Tom states that Governor Haskell is very busy in the midst of state affairs since his return from Tulsa.

Leslie Maxey, attorney, has returned from Guthrie, where he went on a modest mission, but the News will intersperse this local by predicting that if Mr. Maxey continues to advance in the estimation of his fellow citizens in the future as he has during his residence of twelve months in this section, it will be an unnecessary modesty which would preclude him visiting the capital on missions of decidedly more than local interest.

BROTHER SCOTT OF ROFF SAYS TO BROTHER GARRETT OF STONEWALL

Let Us All Seek The Guidance of The Lord Before We Deliberate; Prayer Was Had; Then All Voted Death to Scribner.

When the jury in the Dan Scribner murder case began their deliberations which so quickly resulted in a death verdict, Mr. J. A. Scott of Roff, solemnly inquired of the assembled citizens called together to determine whether a fellow mortal should live or die, if it would not meet the approval of all the jury to petition the Lord of All on high to guide and direct them in their deliberation and decision. Each member of the jury responded affirmatively and there on

the floor of the jury room the twelve jurymen bowed low in supplication to God. It is said that it appeared a more earnest prayer from more earnest hearts emphasized through the leadership in the petition of Mr. G. W. Garrett of Stonewall had never been uttered before the imperial throne on high.

The prayer was finished and twelve earnest citizens of Pontotoc county silently voted the ballot which called for the death of Dan Scribner.

NO PETITIONS FOR DISPENSARIES RECEIVED

STATE AGENCY WILL NOT SOLICIT PETITION.

When Petitions Do Come It Is Desired That the Previous Agents Act.

Guthrie, Ok., June 3.—The state has received no petitions for opening local dispensaries, permission for which was given in the governors proclamation this week. Acting Superintendent Stone of the State Agency sent letters to the seventy-two local agents who were employed when the agency system was suspended, in which he states:

"It will not be the policy of this department to ask for or insist upon any petitions, but should the people of your town decide that they want an agency, then, as announced in the proclamation, the wishes of your people will have consideration by the governor."

Where the agencies are petitioned for and granted it is the state's desire that the present agent continue to act.

An announcement by Gov. Haskell today was that Sam W. Stone of Durant will continue as Acting State Superintendent. It is understood that the department will have three general men, two as inspectors of agencies and one in the work of enforcement. The state enforcement attorney's department is to be maintained separately, with one or two field men. This branch was only given \$15,000 per year by the last legislature, and it is estimated that \$6,000 is necessary annually for attorney's office without field work.

OIL MILLS PROSPEROUS.

Glowing Report Made to the Oil Mill Superintendents of South.

New Orleans, June 3.—That all the oil mills of Oklahoma are in prosperous condition and the business of all character was booming in the new state, was the declaration of J. B. Alford, of Shawnee, Okla., before the annual convention of oil mill superintendents which convened here today. About forty Oklahoma owners and superintendents of oil mills are in attendance at the meetings.

Delegates to the convention were today welcomed to the city by Mayor Berhman.

It is very probable that the 1910 session of the convention will be held in San Antonio, Tex., it being the general opinion that that city should have the next session.

Ada State Normal President.

Prof. Chas. H. Briles, president of the East Central State Normal located at Ada, has concluded his last term as superintendent of the famous Muskogee public schools, reached Ada, his future home, this morning. Prof. Briles' household goods are following close after him and there is much rustling around among Mr. Briles' already numerous friends seeking a suitable house for the occupancy of Ada Normal president. It appears that there is not a vacant house in the city. Within the near future, Mr. Briles will construct a home appropriate for his requirements.

A Day of Darkness.

Beginning at dusk on June 16th, Oklahoma will witness a rare phenomenon of practically thirty-six hours of night, as a total eclipse of the sun will begin early in the morning of June 17th and continue until after dark. The eclipse will be visible as a partial one in the United States and Canada. There will be no eclipse south of a line drawn from San Francisco through Tucson, Ariz., to Corpus Christi Bay, Texas.

GREAT STRIKE IS NEAR AT END

RAILROAD MEN IN PHILADELPHIA WILL REACH AGREEMENT.

Welcome News After Day of Serious Riots in Pennsylvania City.

Philadelphia, June 3.—The strike of the motormen and conductors of the Pennsylvania Rapid Transit company is in the process of settlement. Those having the matter in charge confidently assert that it will be brought to a close within 24 hours.

Serious rioting which started last night, was renewed today, and three policemen and one woman were so badly injured that they were taken to hospitals, where it is thought they cannot recover.

For the first time since the strike began a number of the employees of the elevated road joined the strikers.

Influential political leaders today took steps to bring the trouble to a peaceable conclusion. Senator McNichol, on behalf of the men, submitted to the company their demands. Twenty-two cents an hour, instead of 25 cents originally asked by the men is said to be the new demand.

Other modifications were made in the union's demands which, when submitted to the transit company, according to Senator McNichol, were assented to with some slight modifications. The modified agreement was returned to the men, who will make their final answer tomorrow.

An English peeress has written a cookery book. Perhaps the reaction from the suffragette craze is coming.

The treasury department, it is said, is about to have new designs prepared for the nickel five-cent pieces and the more or less coppery one-cent coins. If possible the designs should be drawn so as not to resemble in any degree the designs on the new five-dollar gold pieces.

Each succeeding generation is better than the last. That is why we do not burn witches nor own slaves. And we do many things which our children's children will think criminal and silly. Our youngsters have every indication of living in a better time than we have seen.

If the Chicago police have captured the leader of the Black Hand in that city, they have done an excellent work. It is said that this man has given information concerning his fellows. He was arrested in the act of taking money from an Italian physician, who had been threatened by the gang.

A looker-on in Venice—Illinois, not Italy—might well be surprised that the recent spanking of three boys in that peaceful village should be so elaborately treated by the metropolitan press. Time was when this was an almost daily observance in every home in the land that boasted young barbarians at play. "The old order changeth."

A railroad posts in its suburban cars warnings against "disembarking from the cars in the terminal yards." This, as the Frenchman observed, is most well; but might it not be worth while to join with it an admonition to the careless suburbanite to cease disembarking on the port side of the trains at stations where the platform lies to starboard?

The coast artillery companies at Fort Washington, Md., claim the world's record in mortar firing, having hit a target moving at the rate of five miles an hour six times in ten shots at a distance of from 4,000 to 6,000 yards, and the ten shots were fired in less than 6 1/2 minutes. With marksmanship reduced to an exact science the leviathan battleships will have to be wary.

An American company is to be formed to capitalize an expedition to search in the ocean for the hidden treasures of Capt. Kidd. As a hider that piratical gentleman is still holding the record. He would be worth his weight in his own gold at this day, when other hidden treasures are being dragged to light by probes, investigations and other forms of "trust-busting."

How culpably ignorant of the early history of our country the children are being kept is freshly illustrated by some examination papers filed at a recent college examination, in which it was stated that Gen. Grant and Admiral Farragut commanded in the British army and navy during the revolution. Apparently good work will be found for every post in detailing comrades to inspect the duties of the children in the schools.

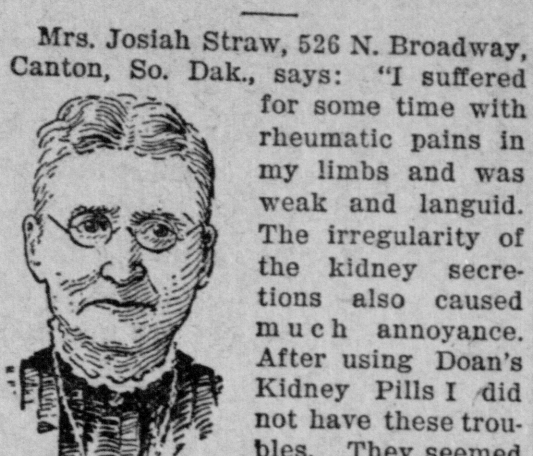

The New York taxicabs having become established the inevitable result follows that their proprietors are feeling around for the highest charges that the traffic will bear. This is so usual as to create little surprise; but the public would like for once to see how it seems to encounter a public service novelty that is conducted on the effete notion of discovering the lowest prices that will yield bigger profits by multiplying the traffic.

Taxicabs have increased their rates in New York, but the old reliable crosstown horse cars still jolt along for a nickel.

Italy has got the Dreadnoughtitis, too! A bill has been introduced in the chamber of deputies calling for two 20,000-ton battleships. When they get two they will feel lonesome without four and with four it will be absolutely necessary to have six. And so the dreadful complaint continues to grow and fastens its insatiable money-sucking tentacles upon the nation.

NEW LIFE AND STRENGTH

Only Sure Cure for Tuberculosis.

In view of the constant agitation and misrepresentation with regard to the treatment of consumption, the National Association for the Study and Prevention of Tuberculosis has issued a statement in which it states that the only sure cure for this disease is fresh air, rest and wholesome food. Hardly a week passes without some quack "doctor" or "eminent specialist" informing the public that he has at last discovered the sure cure for tuberculosis. After examining every one of these so-called cures, several hundred in number, the National association states that, one and all, they are misrepresentations or fakes.

A Boomerang.

At a small country boarding-house sort "down in old Virginia," this past summer, the girls decided to give a dance in the town hall on the mutual benefit plan, so to speak. Half of the expenses of the hall, music and refreshments, it was planned, should be borne by them and the other half by the men. The fair chairman of the refreshment committee, in exhorting the prospective dancers to make no mistake in the details agreed upon, wrote:

"The girls will furnish the sugar and the men will bring the lemons."

A Slight Misunderstanding.

The personally-conducted tourists were viewing the ruins of the Alhambra.

"How inspiring!" rapturously exclaimed Mrs. Windfall. "Who built that castle?"

"The Moors," explained the guide. "The Moors?" repeated the near-cultured lady, "oh, yes (turning to her husband), some of their descendants are particular friends of ours, aren't they, George?"—Illustrated Sunday Magazine.

LIGHT BOOZE

Do You Drink It?

A minister's wife had quite a tussle with coffee and her experience is interesting. She says:

"During the two years of my training as a nurse, while on night duty, I became addicted to coffee drinking. Between midnight and four in the morning, when the patients were asleep, there was little to do except make the rounds, and it was quite natural that I should want a good, hot cup of coffee about that time. It stimulated me and I could keep awake better."

"After three or four years of coffee drinking I became a nervous wreck and thought that I simply could not live without my coffee. All this time I was subject to frequent bilious attacks, sometimes so severe as to keep me in bed for several days."

"After being married, Husband begged me to leave off coffee for he feared that it had already hurt me almost beyond repair, so I resolved to make an effort to release myself from the hurtful habit."

"I began taking Postum, and for a few days felt the languid, tired feeling from the lack of the stimulant, but I liked the taste of Postum and that answered for the breakfast beverage all right."

"Finally I began to feel clearer headed and had staidier nerves. After a year's use of Postum I now feel like a new woman—have not had any bilious attacks since I left off coffee."

"There's a Reason." Read "The Road to Wellville," in pkgs.

Once upon a time a child who was asked on an examination paper to define a mountain range, replied: "A large-sized cook stove." The same method of reasoning seems to go with older growth. "I have two little girls who have been troubled very badly with eczema. One of them had it on her lower limbs. I did everything that I could hear of for her, but it did not give in until warm weather, when it seemingly subsided. The next winter when it became cold the eczema started again and also in her head where it would take the hair out and leave bare patches. At the same time her arms were sore the whole length of them. I took her to a physician, but the child grew worse all the time. Her sister's arms were also affected. I began using Cuticura Remedies, and by the time the second lot was used their skin was soft and smooth. Mrs. Charles Baker, Albion, Me., Sept. 21, '08."

Answer This Question

When thousands of women say that they have been cured of their ailments by a certain remedy, does this not prove the merit of that remedy?

Thousands of women have written the story of their suffering, and have told how they were freed from it by Lydia E. Pinkham's Vegetable Compound—for thirty years these reports have been published all over America.

Without great merit this medicine could never have gained the largest sale of any remedy for woman's ills—never could have become known and prized in nearly every country in the world.

Can any woman let prejudice stand between her and that which will restore her health? If you believe those who have tried it you know this medicine *does* cure.

Read this letter from a grateful woman, then make up your mind to give Mrs. Pinkham's medicine a chance to cure you.

Brooklyn, N. Y.—"I am a firm believer in Lydia E. Pinkham's Vegetable Compound. I was a great sufferer from organic female troubles for years, and almost despaired of ever being well again. I had bearing-down pains, backache, headache and pains in my abdomen, and tried Mrs. Pinkham's Compound as a last resort. The result was astonishing, and I have used it and advocated it ever since. It is a great boon to expectant mothers. I have often said that I should like to have its merits thrown on the sky with a search-light so that women would read and be convinced that there is a remedy for their sufferings. "My husband joins me in its praise. He has used it for kidney trouble and been entirely cured."—Mrs. E. A. Bishop, 1915 Atlantic Ave., Brooklyn, N. Y.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

DAN SCRIBNER FOUND GUILTY

Attorneys Close Argument at 10:30 Last Evening and Verdict Rendered at 9:30 This Morning.

We the jury drawn empaneled and sworn to the above entitled cause do upon our oaths find the defendant Dan Scribner guilty as charged in the indictment herein and assess the punishment at death.

C. Y. PARTAIN Foreman

The above is the wording of the verdict of the jury in the Dan Scribner case in the Pontotoc county court room at 9 o'clock this morning.
Testimony was finished and the attorneys commenced their argument about 2:30 yesterday afternoon and concluded at 10 o'clock last night. Duke Stone opened the argument for the state and made a most effective plea for vindication of the majesty of the law. His reference to the widow

and orphans of Zeke Putman and the result of the Scribner conspiracy was touching and pathetic and there was scarcely a dry eye in the vast throng of people who crowded the court room to witness the climax in this celebrated case.

Stone was followed by W. C. Dunn, an able attorney and a good speaker who pleaded the cause of the defendant. J. W. Dean was the next speaker for the state. He followed the conspiracy from first to last connecting every link in the chain of evidence circumstantial and otherwise. When Mr. Dean had finished the court adjourned for supper until 7:30.

J. P. McKee opened the argument

at the night session in behalf of the defendant and made a strong and impressive plea for the life of his client. Mr. McKee had a good grasp of the situation and held the attention of the jury. It was certainly no fault of his that his client was convicted but rather a lack of evidence in behalf of the defendant.

The last speech was that of Robert Wimbish, Pontotoc county's able and efficient county attorney. He understood his case as well as his prerogatives and many people present stated that they had never heard a stronger plea in behalf of the state and the people's laws.

Mr. Wimbish never abused the victims of the state's prosecution but related the facts as they had been developed in the trial and plead for the enforcement of the letter of the law.

When the argument was in progress last night even standing room was at a premium. The halls were filled and people stood on the street below and listened to the attorneys in their final argument.

The jury repaired to their quarters at the boarding house and retired about twelve o'clock. It is stated that they had unanimously agreed upon a verdict of guilty before they retired.

When the verdict was rendered this morning there were not so many people present as had been in attendance at the trial owing to the early hour. When the verdict was read Scribner

showed little signs of emotion. He shook hands with his attorneys and was remanded to jail just when the court will pass sentence is not known.

Court adjourned immediately until Monday at which time it is understood that the trial of Mack Lee will begin.

NEW YORK WHEAT FOR WEST.

Again Makes Shipment of Wheat to the Wheat Belt—Unusual Condition.

New York, June 3.—It seems like carrying coals to Newcastle or tossing apples into an orchard but it is a fact that New York is again shipping wheat to the far West.

Inquiries as to being received from as far away as Texas for New York red wheat. Already two boat loads are en route from here to Buffalo four more are loading and some shipments have been made by rail. This unusual action is made possible by the great scarcity of cash wheat sold here yesterday at \$1.47 and \$1.50 was asked at the close.

SENATOR STONE TAKES A RAP AT ALDRICH

CLASH IN A DISCUSSION OF FOREIGN MATTERS.

Stone Read Statement of Aldrich From Senate Record.

Washington, D. C., June 3.—Aldrich's recent characterization of the course of any government which might send to this country any anonymous statement concerning prices in a foreign country with a view to influencing legislation was made the subject of an acrimonious colloquy in the senate today between Aldrich and Stone.

Stone brought up the question soon after the senate convened by reading a telegram from Berlin in which it was stated that the German government had taken offense at Aldrich's language.

When the senator from Rhode Island made that somewhat petulant and extraordinary declaration, said Stone, every one here took notice and I think every one regarded his utterance as impolitic if not impudent.

Aldrich who had listened attentively arose and said:

I made no charge against the German government. I was talking about German manufacturers whose names were kept from us and who furnished the information with the express understanding that it was not to be used in the enforcement of our custom laws. The senator from Wisconsin may consider that information of value. I do not.

Stone then read the statement made by Aldrich as it appeared in the Record.

Considerable argument was sent back and forth and finally Aldrich declared that he was at a loss to account for Stone's attitude in the matter unless the latter appeared as a representative of the German government.

This intimation made Stone angry. His face flushed and there was far more than usual animation in his reply.

That statement he said with deliberation is an impertinence and apparently feeling that his characterization had not been strong enough he added: Yes it's worse than an impertinence.

JUSTICE KANE TO WED.

Chief Justice of Oklahoma Supreme Court Will Be Married June 9.

Guthrie, Ok., June 3.—On June 9 Chief Justice Kane of the Oklahoma supreme court will be married at St. Paul, Kas. to Miss Katharine Reagan.

Chief Justice Kane announced his engagement several months ago. The marriage will be the culmination of an old romance dating back to the time when a young barrister from Niagara county, N. Y., took Horace Greeley's advice and came West to Wichita, Kas. to practice law. The chief justice remained in Wichita two years and came to Oklahoma at the opening of the shadows which intervened between himself and his old sweetheart have rolled away with his brilliant career in Oklahoma and his elevation to the most honorable position in the hands of the people of the state.

The chief justice is 45 years of age and a graduate of Georgetown University, Washington, D. C. He is to be an orphan and lives with his people at St. Paul, Ed. J. Kelley of Waukegan, Okla., will be best man.

STUDENTS TO WORK WIL.

Will Make Two Dollars Per Day Cleaning Brick.

A number of State University students will remain in Norman during the summer earning two dollars each day in the work of tearing down the old administration building partially destroyed by fire and cleaning off the brick. They will work under the supervision of a foreman. There are many thousand bricks that can be used again for inside layers in constructing the new building.

Mr. and Mrs. J. Bedford and Miss Lucile Hall left today for Corpus Christi, Tex., where they will spend the summer months.

TECUMSEH HOLDS AN INDIGNATION MEETING

CITIZENS SEEM TO BE BROUGHT UP OVER REPORTS OF TRIAL.

Report That They Are Satisfied With Result of Maben Case Denied.

From the Shawnee Herald.

When Tecumseh people read in the Ardmore papers an interview from Judge A. C. Cruce who lives in that place to the effect that public sentiment was satisfied with the verdict of the jury in the Maben case then wrath knew no bounds and an indignation meeting was called and held in the district court room the room where the case was heard, last night. The room was filled with both men and women each seemingly charged with wrath to the bursting point.

Rev. Tienor called the meeting to order and presided over it. His opening of the meeting was followed by a spirited speech by Rev. McBroom. McBroom's speech was short dealing with law and order and in the course of his remarks he took occasion to scold the court and jury heavily.

Mr. Carson followed Rev. McBroom. His remarks though being very radical seemed to harmonize with the sentiment of the occasion.

At this juncture Attorney Baldwin arose in defense of the court and jury. He stated that it was the duty of every man, lawyer or citizen to rise in defense of the judicial system when it was attacked as it had been by the preceding speakers. He had succeeded in saying but a few words when there were cries of "Put him out." "Make him sit down." "Shut him up." etc. heard from all parts of the room. It was with difficulty that the chairman reserved the floor for the speaker. One lady arose and said:

Mr. Baldwin will you shut up? to which he replied: I will when I am through. Several of the ladies present declared they would leave the room if Baldwin was allowed to continue. With many interruptions and continued cries of stop him Baldwin continued for several minutes in defense of the court and jury.

Mr. Myers followed Baldwin taking the court to task for the instructions to the jury. He declared that it was the strict duty of the jury to render their verdict according to the law laid down and the evidence in the case. He expressed his opinion that the jury should have ignored the instructions from the court and convicted the defendant on the evidence given.

Rev. Crabtree continued the argument citing the conduct of one of the attorneys for the defense declaring that he lay drunk in the court room. This same lawyer he said being president of an order called the Sons of Washington. Such a man is a disgrace to civilization and a shame to the profession of law.

Rev. Tienor following Crabtree stated that the verdict of the jury was not the verdict of the people of Tecumseh. With bitter denunciation he riddled the court and jury declaring that silence in this case is no longer a virtue. He concluded with: Let us rid this county of its rottenness.

Bitterest of all was the vituperative talk of the Rev. Mrs. Miller the evangelist. After deploring the fact that she couldn't take the place of a man in this fight she implored: Men for God's sake rid your county of such officials but don't heap all the condemnation upon one man. Run the whole push out.

Rev. Jordan concluded the meeting with an address in keeping with the remainder of the talks. His appeal was directed to those who were influential to do all in their might for the betterment of the county.

The meeting was then adjourned with the announcement that further and more decisive action will be taken.

Kills Mother-in-Law.

McLoud, Okla., June 3.—Mrs. P. R. Tomlin, 54 years old wife of a farmer residing three miles north of McLoud was shot and fatally wounded this afternoon by William Davis, her son-in-law while Mr. and Mrs. Tomlin and Davis quarreled over family affairs in the corn field, half a mile from the house. Davis surrendered to the authorities and was taken to jail at Chandler.

NINETY DAYS MORE.

Time in Which to File Exceptions in Town Lot Cases.

Pulaski, Okla., June 3.—Judge Ralph Campbell of the federal court has granted a motion of Preston C. West attorney for Governor Haskell and others, recently indicted for land fraud for an additional ninety days in which to file exceptions to Judge Marshall's decision overruling the motion to discharge the grand jury. Just before the grand jury was discharged by Judge Marshall the defendants moved that the entire panel be discharged on the ground that it was illegally drawn. It was charged by the defendants that the crime if any had been committed was in the old northern district and not in the western district and that no provision had been made in the enabling act for a continuance of the jurisdiction which existed when Indian Territory was subject to the federal courts.

ENGLAND AND AMERICA AND WAR

War between England and Germany
may become an imminent possibility,
not because there will be any real
occasion for hostilities between these
two great nations, but because the
people of those nations at breakfast
dinner and supper discuss such a
war as a probability. Other nations
of Europe are naturally led into dis-
cussion of the same topic, and even
in our own America there is no little
comment along the same line as a
matter of world gossip.

In this connection there has been
some speculation as to the relations
that would likely develop between
America and Britain in the event of
a war between Germany and England.
Mr. Asquith has, in the opinion of W.
T. Stead, lost a great opportunity by
failing to include America in his es-
timate for the two-power naval stand-
ard because of kinship. His colleagues
Gray, Haldane, Morley and Church-
ill, recognized the error and hoped
that he would seize the first oppor-
tunity to correct it, which he failed
to do.

The declaration expected was that
the British navy was maintained as
a protection against foreign war;
that war between the English-speak-
ing nations would be civil war and
civil wars were never regarded as
among the contingencies the navy
was maintained to meet; that the two
power standard referred strictly to
non-English-speaking nations; that
neither on land nor sea did the Brit-
ish government make any prepara-
tions or incur any expenditures
against what they regarded as the
unthinkable possibility of what would
be civil war among brethren.

Mr. Asquith excluded America from
the estimate, not because of consan-
guinity, but because of its remote-
ness. Instead he could have in the

opinion of his friends, struck a chord
that would have vibrated around the
world.

English statesmen do not, contrary
to the general impression, expect aid
from America in the event of war,
but they do count upon America re-
fusing to join England's opponents,
and they realize that before long
America will have a fleet as strong
and perhaps stronger than their own.

Englishmen believe, also, that in
the event of English defeat in war
the colonies will hold the stars and
stripes before they will pass under
the domination of a non-English-
speaking power. This is not difficult
of understanding when the close prox-
imity of Canada is considered, and
the hearty welcome which the Ameri-
can fleet received upon its recent
visit to Australian waters had a
deep significance in this connection.

PROPOSES NATIONAL SLOGAN.

E. C. Simmons Plans a Political Party
for Business Men.

St. Louis, Mo., June 3.—Amalgama-
tion of the 100,000 commercial orga-
nizations of the United States into
a business men's political party was
advocated by E. C. Simmons, presi-
dent of the National Sunshine Society
or Prosperity Association at the an-
nual banquet of the St. Louis chapter
of the American Institute of Banking
here tonight.

The National Prosperity Association
was practically organized by Mr. Sim-
mons at the close of the banquet, prior
to the election, and the doctrine was
"Give us rest and sunshine." The
organization was to restore confi-
dence and aid the revival of busi-
ness.

The Business Men's Party, he de-
clared, would come into existence on
the platform, "Give us fewer laws and
better laws." Toward organizing such
a party he expressed his intention of
getting representatives of as many
business and commercial clubs as
possible together here during the
centennial celebration in the fall.

"My idea is," he said, "that these
100,000 or more commercial organiza-
tions form a Business Men's Party.
Through such an association or co-
operation they could and would exert
a most beneficial influence on the
large affairs of the country. If only
half of them would join at the start
it still would be a potential party."

"There has been too much political
contention. It would be well to
change the term of office of president
from four years to eight years and
eliminate the right of succession. We
also have too much lawmaking and
agitation."

KONAWA TO THE FRONT.

Votes \$85,000 Bonds for Water and
Lights.

Konawa, Okla., June 4.—With a
clear sky and balmy air, a day ideal
for the occasion, the final voice of
the people of Konawa was registered
on a question that has been occupying
their attention for some time, that
of municipal ownership of a water
works plant and an electric light
plant. By a majority unquestionably
typical of their sentiments it has
practically been settled for all time
to come.

Although not so heavy as was an-
ticipated, or so heavy as was cast
in the last city election, the vote
cast Monday is sufficiently large
to leave no doubt in the minds of
any as to its being expressive of
the wish of the people of Konawa.

Out of 109 votes cast there is a
majority of 76 or a little over three
to one in favor of the city buying the
plants.

The campaign was peculiar in the
fact that there was no extensive
talk. On a question of this import-
ance this is a queer fact. Everyone
seemed to have his mind made up,
saying nothing about it, and was sat-
isfied to allow his neighbor to fill the
same position.

COMPROMISE IS SOUGHT.

Governor Haskell Holds Up Okla-
homa County Judgeship.

Governor C. N. Haskell has unoffi-
cially announced that he will not
make his appointment of superior
judge for Oklahoma county until Sat-
urday. A number of local aspirants
visited the executive mansion Thurs-
day with a view of ascertaining where
the plum was going to fall.

It was rumored in Guthrie Thurs-
day night that Governor Haskell had
sent the Oklahoma City delegation
home for the purpose of getting them
to agree on a compromise, and in this
manner relieve him of any responsi-
bility. This could not, however, be
confirmed.

It is the opinion of the followers of
the situation that Attorneys A. N.
Menden and J. H. Grant, are leading
in the race. No expression as to the
situation could be secured Thursday
night, from any one of the men who
returned from Guthrie.

CASH WHEAT SOARS.

Highest Price Paid Since Civil War.
Future Market Prices Down.

St. Louis, Mo., June 3.—Cash wheat
reached the highest price on change
today ever touched since the Civil
war. A car of No. 2 red winter
brought \$1.65, a price never reached
in this market since 1868.

No. 2 hard winter wheat brought
\$1.47, which is the highest price on
record in this market. The demand
for cash wheat was slow and the of-
ferings small, which probably ac-
counted for the high prices brought
by the two grades.

Despite the record prices for hard
winter and red winter cash wheat, the
future market went down instead of
up. This condition of the future mar-
ket is attributable to the good con-
dition of the growing crops, both in
this country and abroad and to the
fact that harvesting has already
commenced in Texas and other
Southwestern states.

In the matter of the guardianship of

Governor Wants Name Changed.

Guthrie, Ok., June 3.—Gov. Haskell
has postponed action upon a procla-
mation for the proposed county of
Orville, heretofore known as Park
county, which it is intended to create
out of Kiowa and Comanche counties.
The name was selected as a distinc-
tion to Orville T. Smith, law clerk
to Gov. Haskell. The governor told
visiting delegations today to select
another name; that he would issue a
proclamation for no county named
after an employee of his office. Mr.
Smith insists that the naming came
without suggestion upon his part.

Spuds Look Good.

The farmers of this section are feel-

prospects for a bumper crop of

Naturally the merchants join in the
rejoicing. Crop conditions are better

The first potatoes are due the lat-

are that they will bring a high mar-
ket price.

BROTHER SCOTT OF ROFF SAYS TO BROTHER GARRETT OF STONEWALL

Let Us All Seek The Guidance of The Lord Before We Deliberate; Prayer Was Had; Then All Voted Death to Scribner.

When the jury in the Dan Scribner murder case began their deliberations which so quickly resulted in a death verdict Mr. J. A. Scott of Roff solemnly inquired of the assembled citizens called together to determine whether a fellow mortal should live or die. If it would not meet the approval of all the jury to petition the Lord of All on high to guide and direct them in their deliberation and decision. Each member of the jury responded affirmatively and there on

the floor of the jury room the twelve jurymen bowed low in supplication to God. It is said that it appeared a more earnest prayer from more earnest hearts emphasized through the leadership in the petition of Mr. G. W. Garrett of Stonewall had never been uttered before the Imperial throne on high.

The prayer was finished and twelve earnest citizens of Pontotoc county silently voted the ballot which called for the death of Dan Scribner.

NO PETITIONS FOR DISPENSARIES RECEIVED

STATE AGENCY WILL NOT SOLICIT PETITION.

When Petitions Do Come It Is Desired That the Previous Agents Act.

Guthrie Ok June 3—The state has received no petitions for opening local dispensaries permission for which was given in the governor's proclamation this week. Acting Superintendent Stone of the State Agency sent letters to the seventy-two local agents who were employed when the agency system was suspended in which he states:

It will not be the policy of this department to ask for or insist upon any petitions but should the people of your town decide that they want an agency then as announced in the proclamation the wishes of your people will have consideration by the governor.

Where the agencies are petitioned for and granted it is the state's desire that the present agent continue to act.

An announcement by Gov. Haskell today was that Sam W. Stone of Durant will continue as Acting State Superintendent. It is understood that the department will have three general men two as inspectors of agencies and one in the work of enforcement. The state enforcement attorney's department is to be maintained separately with one or two field men. This branch was only given \$15,000 per year by the last legislature and it is estimated that \$6,000 is necessary annually for attorney's office without field work.

About forty Oklahoma owners and superintendents of oil mills are in attendance at the meetings. Delegates to the convention were today welcomed to the city by Mayor Berchman.

It is very probable that the 1910 session of the convention will be held in San Antonio Tex. it being the general opinion that that city should have the next session.

GREAT STRIKE IS NEAR AT END

RAILROAD MEN IN PHILADELPHIA WILL REACH AGREEMENT.

Welcome News After Day of Serious Riots in Pennsylvania City.

Philadelphia June 3—The strike of the motormen and conductors of the Pennsylvania Rapid Transit company is in the process of settlement. Those having the matter in charge confidently assert that it will be brought to a close within 24 hours.

Serious rioting which started last night was renewed today and three policemen and one woman were so badly injured that they were taken to hospitals where it is thought they cannot recover.

For the first time since the strike began a number of the employees of the elevated road joined the strikers.

Influential political leaders today took steps to bring the trouble to a peaceable conclusion. Senator McNichol on behalf of the men submitted to the company their demands. Twenty-two cents an hour instead of 25 cents originally asked by the men is said to be the new demand.

Other modifications were made in the union's demands which when submitted to the transit company according to Senator McNichol were assented to with some slight modifications. The modified agreement was returned to the men who will make their final answer tomorrow.

DAN SCRIBNER FOUND GUILTY Attorneys Close Argument at 10:30 Last Evening and Verdict Rendered at 9:30 This Morning.

We the jury drawn empanelled and sworn in the above entitled cause do upon our oaths find the defendant Dan Scribner guilty as charged in the indictment herein and assess the punishment at death.
C. Y. PARTAIN Foreman

The above is the wording of the verdict of the jury in the Dan Scribner case in the Pontotoc county court room at 9 o'clock this morning.
Testimony was finished and the attorneys commenced their argument about 2:30 yesterday afternoon and concluded at 10 o'clock last night. Duke Stone opened the argument for the state and made a most effective plea for vindication of the majesty of the law. His reference to the widow

at the night session in behalf of the defendant and made a strong and impressive plea for the life of his client. Mr. McKee had a good grasp of the situation and held the attention of the jury. It was certainly no fault of his that his client was convicted but rather a lack of evidence in behalf of the defendant.
The last speech was that of Robert Wimbish Pontotoc county's able and efficient county attorney. He understood his case as well as his prerogatives and many people present stated that they had never heard a stronger plea in behalf of the state and the people's laws.
Mr. Wimbish never shied the victims of the state's prosecution but related the facts as they had been developed in the trial and plead for the enforcement of the letter of the law.
When the argument was in progress last night even standing room was at a premium. The halls were filled and people stood on the street below and listened to the attorneys in their final argument.
The jury repaired to their quarters at the boarding house and retired about twelve o'clock. It is stated that they had unanimously agreed upon a verdict of guilty before they retired.
When the verdict was rendered this morning there were not so many people present as had been in attendance at the trial owing to the early hour. When the verdict was read Scribner

and orphans of Zeke Putman and the result of the Scribner conspiracy was touching and pathetic and there was scarcely a dry eye in the vast throng of people who crowded the court room to witness the climax in this celebrated case.

Stone was followed by W. C. Duncan an able attorney and a good speaker who pleaded the cause of the defendant. J. W. Dean was the next speaker for the state. He followed the conspiracy from first to last connecting every link in the chain of evidence circumstantial and otherwise. When Mr. Dean had finished the court adjourned for supper until 7:30.

J. F. McKee opened the argument

showed little signs of emotion. He shook hands with his attorneys and was reminded to quit just when the court will pass sentence is not known.

Court adjourned immediately next Monday at which time it is understood that the trial of Mack Lee will begin.

NEW YORK WHEAT FOR WEST.
Again Makes Shipment of Wheat to the Wheat Belt—A unusual Condition.

New York June 3.—It seems like carrying coals to Newcastle or tussling apples into an orchard but it is a fact that New York is again shipping wheat to the far West.

Inquiries are being received from as far away as Texas for New York red wheat. Already two boat loads are en route from here to Buffalo four more are loading and some shipments have been made by rail. This unusual action is made possible by the great scarcity of cash wheat sold here yesterday at \$1.47 and \$1.50 was asked at the close.

SENATOR STONE TAKES A RAP AT ALDRICH

CLASH IN A DISCUSSION OF FOREIGN MATTERS.

Stone Read Statement of Aldrich From Senate Record.

Washington D. C. June 3.—Aldrich's recent characterization of the course of any government which might send to this country any anonymous statement concerning prices in a foreign country with a view to influencing legislation was made the subject of an acrimonious colloquy in the senate today between Aldrich and Stone.

Stone brought up the question soon after the senate convened by reading a telegram from Berlin in which it was stated that the German government had taken offense at Aldrich's language.

When the senator from Rhode Island made that somewhat petulant and extraordinary declaration, said Stone, every one here took notice and I think every one regarded his utterance as impolitic if not impolite.

Aldrich who had listened attentively arose and said:

I made no charge against the German government. I was talking about German manufacturers whose names were kept from us and who furnished the information with the express understanding that it was not to be used in the enforcement of our custom laws. The senator from Wisconsin may consider that information of value. I do not.

Stone then read the statement made by Aldrich as it appeared in the Record.

Considerable argument was sent back and forth and finally Aldrich declared that he was at a loss to account for Stone's attitude in the matter unless the latter appeared as a representative of the German government.

This intimation made Stone angry. His face flushed and there was far more than usual animation in his reply.

That statement, he said with deliberation, is an impertinence and apparently feeling that his characterization had not been strong enough he added: Yes it is worse than an impertinence.

JUSTICE KANE TO WED.

Chief Justice of Oklahoma Supreme Court Will Be Married June 9.

Guthrie Ok. June 3.—On June 9 Chief Justice Kane of the Oklahoma supreme court will be married at St. Paul Kas to Miss Katharine Reagan.

Chief Justice Kane announced his engagement several months ago. The marriage will be the culmination of an old romance dating back to the time when a young barrister from Niagara county N. Y. took Horace Greeley's advice and came West to Wichita Kas to practice law. The chief justice remained in Wichita two years and came to Oklahoma at the opening shadows which intervened between himself and his old sweetheart have rolled away with his brilliant career in Oklahoma and his elevation to the most honorable position in the hands of the people of the state.

The chief justice is 45 years of age and a graduate of Georgetown University. His wife is the daughter of an orphan and lives with her people at St. Paul. Ed J. Kelley of Waukegan Okla. will be best man.

STUDENTS TO WORK WIL.

Will Make Two Dollars Per Day Cleaning Brick.

A number of State University students will remain in Norman during the summer earning two dollars each day in the work of tearing down the old administration building partially destroyed by fire and cleaning off the brick. They will work under the supervision of a foreman. There are many thousands of brick that can be used again for inside layers in constructing the new building.

Mr. and Mrs. J. Bedford and Miss Lucille Hall left today for Corpus Christi, Tex., where they will spend the summer months.

TECUMSEH HOLDS AN INDIGNATION MEETING

CITIZENS SEEM TO BE WROUGHT UP OVER REPORTS OF TRIAL.

Report That They Are Satisfied With Result of Maheu Case Denied.

From the Shawnee Herald.

When Tecumseh people read in the Ardmore papers an interview from Judge A. C. Oruce who lives in that place to the effect that public sentiment was satisfied with the verdict of the jury in the Maheu case their wrath knew no bounds and an indignation meeting was called and held in the district court room the room where the case was heard, last night. The room was filled with both men and women each seemingly charged with wrath to the bursting point.

Rev. Tienor called the meeting to order and presided over it. His opening of the meeting was followed by a spirited speech by Rev. McBroom. McBroom's speech was short dealing with law and order and in the course of his remarks he took occasion to scold the court and jury heavily.

Mr. Carson followed Rev. McBroom his remarks though being very radical seemed to harmonize with the sentiment of the occasion.

At this juncture Attorney Baldwin arose in defense of the court and jury. He stated that it was the duty of every man lawyer or citizen to rise in defense of the judicial system when it was attacked as it had been by the preceding speakers. He had succeeded in saying but a few words when there were cries of Put him out. Make him sit down. Shut him up etc. heard from all parts of the room. It was with difficulty that the chairman reserved the floor for the speaker. One lady arose and said: Mr. Baldwin will you shut up? to which he replied: I will when I am through. Several of the ladies present declared they would leave the room if Baldwin was allowed to continue. With many interruptions and continued cries of stop him Baldwin continued for several minutes in defense of the court and jury.

Mr. Myers followed Baldwin taking the court to task for the instructions to the jury. He declared that it was the strict duty of the jury to render their verdict according to the law laid down and the evidence in the case. He expressed his opinion that the jury should have ignored the instructions from the court and convicted the defendant on the evidence given.

Rev. Crabtree continued the argument citing the conduct of one of the attorneys for the defense declaring that he lay drunk in the court room. This same lawyer he said being president of an order called the Sons of Washington. Such a man is a disgrace to civilization and a shame to the profession of law.

Rev. Tienor following Crabtree stated that the verdict of the jury was not the verdict of the people of Tecumseh. With bitter denunciation he riddled the court and jury declaring that silence in this case is no longer a virtue. He concluded with: Let us rid this county of its rottenness.

Bitterest of all was the vituperative talk of the Rev. Mrs. Miller the evangelist. After deploring the fact that she couldn't take the place of a man in this fight she implored: Men for God's sake rid your county of such officials but don't keep all the condemnation upon one man. Run the whole bunch out.

Rev. Jordan concluded the meeting with an address in keeping with the remainder of the talks. His appeal was directed to those who were influential to do all in their might for the betterment of the county.

The meeting was then adjourned with the announcement that further and more decisive action will be taken.

NINETY DAYS MORE.

Time in Which to File Exceptions in Town Lot Cases.

Tulsa Okla. June 3.—Judge Ralph Campbell of the federal court has granted a motion of Preston C. West attorney for Governor Haskell and others, recently indicted for land fraud for an additional ninety days in which to file exceptions to Judge Marshall's decision overruling the motion to discharge the grand jury. Just before the grand jury was discharged by Judge Marshall the defendants moved that the entire panel be discharged on the ground that it was illegally drawn. It was charged by the defendants that the crime if any had been committed was in the old northern district and not in the western district and that no provision had been made in the enabling act for a continuance of the jurisdiction which existed when Indian Territory was subject to the federal courts.

Mrs. O. D. Wright of Francis, was an Ada visitor today.

ENGLAND AND AMERICA AND WAR

War between England and Germany
may become an imminent possibility
not because there will be any real
occasion for hostilities between these
two great nations but because the
people of those nations at breakfast
dinner and supper discuss such a
war as a probability. Other nations
of Europe are naturally led into dis-
cussion of the same topic and even
in our own America there is no little
comment along the same line as a
matter of world gossip.

In this connection there has been
some speculation as to the relations
that would likely develop between
America and Britain in the event of
a war between Germany and England.
Mr. Asquith has in the opinion of W.
F. Stead lost a great opportunity by
failing to include America in his es-
timate for the two-power naval stand-
ard because of kinship. His colleagues
Gray, Haldane, Morley and Churchill
all recognized the error and hoped
that he would seize the first oppor-
tunity to correct it which he failed
to do.

The declaration expected was that
the British navy was maintained as
a protection against foreign war
that war between the English-speak-
ing nations would be civil war and
civil wars were never regarded as
among the contingencies the navy
was maintained to meet that the two
power standard referred strictly to
non English speaking nations that
neither on land nor sea did the Brit-
ish government make any prepara-
tions or incur any expenditures
against what they regarded as the
unthinkable possibility of what would
be civil war among brethren.

Mr. Asquith excluded America from
the estimate not because of consan-
guinity but because of its remote-
ness. Instead he could have in the

opinion of his friends struck a chord
that would have vibrated around the
world.

English statesmen do not contrary
to the general impression expect aid
from America in the event of war
but they do count upon America re-
fusing to join England's opponents
and they realize that before long
America will have a fleet as strong
and perhaps stronger than their own.

Englishmen believe also that in
the event of English defeat in war
the colonies will hoist the stars and
stripes before they will pass under
the domination of a non English
speaking power. This is not difficult
of understanding when the close prox-
imity of Canada is considered and
the hearty welcome which the Amer-
ican fleet received upon its recent
visit to Australian waters had a

PROPOSES NATIONAL SOCIETY.

F. C. Simmons Plans a Political Party
for Business Men.

St. Louis Mo. June 3.—Annun-
tiation of the 100,000 commercial or-
ganizations of the United States into
a business men's political party was
advocated by F. C. Simmons, presi-
dent of the National Sunshine Society
of Prosperity Association at the an-
nual banquet of the St. Louis chapter
of the American Institute of Banking
here tonight.

The National Prosperity Association
was practically organized by Mr. Sim-
mons at the close of the banquet prior
to the election and the doctrine was
given as test and sunshine. The
organization was to restore confi-
dence and aid the revival of busi-
ness.

The Business Men's Party he de-
clared would come into existence on
the platform "Give us fewer laws and
better laws. Toward organizing such
a party he expressed his intention of
getting representatives of as many
business and commercial clubs as
possible together here during the
centennial celebration in the fall.

My idea is he said that these
100,000 or more commercial organiza-
tions form a Business Men's Party.
Through such an association or co-
operation they could and would exert
a most beneficial influence on the
large affairs of the country. If only
half of them would join at the start
it still would be a potential party.

There has been too much political
contention it would be well to
change the term of office of president
from four years to eight years and
eliminate the right of succession. We
also have too much lawmaking and
agitation.

KONAWI OKLA. JUNE 4

Votes \$85,000 Bonds for Water and
Lights.

Konawi Okla. June 4.—With a
clear sky and calm air a day ideal
for the occasion the final voice of
the people of Konawa was registered
on a question that has been occupying
their attention for some time that
of municipal ownership of a water
works plant and an electric light
plant. By a majority unquestionably
typical of their sentiments it has
practically been settled for all time
to come.

Although not so heavy as was an-
ticipated or so heavy as was cast
in the last city election the vote
cast Monday is sufficiently large to
leave no doubt in the minds of any
as to its being expressive of the
wish of the people of Konawa.

Out of 109 votes cast there is a
majority of 76 or a little over three
to one in favor of the city buying the
plants.

The campaign was peculiar in the
fact that there was no extensive
talk. On a question of this import-
ance this is a queer fact. Everyone
seemed to have his mind made up
saying nothing about it and was sat-
isfied to allow his neighbor to fill the
same position.

COMPROMISE IS SOUGHT.

Governor Haskell Holds Up Okla-
homa County Judgeship.

Governor C. N. Haskell has unoffi-
cially announced that he will not
make his appointment of superior
judge for Oklahoma county until Sat-
urday. A number of local aspirants
visited the executive mansion Thurs-
day with a view of ascertaining where
the plum was going to fall.

It was rumored in Guthrie Thurs-
day night that Governor Haskell had
sent the Oklahoma City delegation
home for the purpose of getting them
to agree on a compromise and in this
manner relieve him of any responsi-
bility. This could not however be
confirmed.

It is the opinion of the followers of
the situation that Attorneys A. N.
Munden and J. H. Grant are leading
in the race. No expression as to the
situation could be secured Thursday
night from any one of the men who
returned from Guthrie.

CASH WHEAT SOARS.

Highest Price Paid Since Civil War.
Future Market Prices Down.

St. Louis Mo. June 3.—Cash wheat
reached the highest price on change
today ever touched since the Civil
war. A car of No. 2 red winter
brought \$1.65 a price never reached
in this market since 1863.

No. 2 hard winter wheat brought
\$1.47 which is the highest price on
record in this market. The demand
for cash wheat was slow and the of-
ferings small which probably ac-
counted for the high prices brought
by the two grades.

Despite the record prices for hard
winter and red winter cash wheat the
future market went down instead of
up. This condition of the future mar-
ket is attributable to the good con-
dition of the growing crops both in
this country and abroad and to the
fact that harvesting has al-
ready commenced in Texas and other
Southwestern states.

Governor Wants Name Changed.

Guthrie Ok. June 3.—Gov. Haskell
has postponed action upon a procla-
mation for the proposed county of
Orville heretofore known as Park
county which it is intended to create
out of Kiowa and Comanche counties.
The name was selected as a distinc-
tion to Orville J. Smith law clerk
to Gov. Haskell. The governor told
visiting delegations today to select
another name that he would issue
proclamation for no county name
after an employee of his office. J.
Smith insists that the naming came
without suggestion upon his part.

Spuds Look Good.

The farmers of this section are feel-
ing exceedingly happy over the bright
prospects for a bumper crop of
spuds.

Naturally the merchants join in the
rejoicing. Crop conditions are better
than they have been in several years
past.

The first potatoes are due the lit-
tle part of next week. Indications
are that they will bring a high mar-
ket price.

Leslie Maxey attorney has returned from Guthrie where he went on a modest mission but the News will intersperse this local by predicting that if Mr. Maxey continues to advance in the estimation of his fellow citizens in the future as he has during his residence of twelve months in this section it will be an unnecessary modesty which would preclude him visiting the capital on missions of decidedly more than local interest.

BROTHER SCOTT OF ROFF SAYS TO BROTHER GARRETT OF STONEWALL

Let Us All Seek The Guidance of The Lord Before We Deliberate; Prayer Was Had; Then All Voted Death to Scribner.

When the jury in the Dan Scribner murder case began their deliberations which so quickly resulted in a death verdict Mr. J. A. Scott of Roff solemnly inquired of the assembled citizens called together to determine whether a fellow mortal should live or die. If it would not meet the approval of all the jury to petition the Lord of All on high to guide and direct them in their deliberation and decision. Each member of the jury responded affirmatively and there on

the floor of the jury room the twelve jurymen bowed low in supplication to God. It is said that it appeared a more earnest prayer from more earnest hearts emphasized through the leadership in the petition of Mr. G. W. Garrett of Stonewall had never been uttered before the Imperial throne on high.

The prayer was finished and twelve earnest citizens of Pontotoc county silently voted the ballot which called for the death of Dan Scribner.

NO PETITIONS FOR DISPENSARIES RECEIVED

STATE AGENCY WILL NOT SOLICIT PETITION.

When Petitions Do Come It Is Desired That the Previous Agents Act.

Guthrie Ok June 3—The state has received no petitions for opening local dispensaries permission for which was given in the governor's proclamation this week. Acting Superintendent Stone of the State Agency sent letters to the seventy-two local agents who were employed when the agency system was suspended in which he states:

It will not be the policy of this department to ask for or insist upon any petitions but should the people of your town decide that they want an agency then as announced in the proclamation the wishes of your people will have consideration by the governor.

Where the agencies are petitioned for and granted it is the state's desire that the present agent continue to act.

An announcement by Gov. Haskell today was that Sam W. Stone of Durant will continue as Acting State Superintendent. It is understood that the department will have three general men two as inspectors of agencies and one in the work of enforcement. The state enforcement attorney's department is to be maintained separately with one or two field men. This branch was only given \$15,000 per year by the last legislature and it is estimated that \$6,000 is necessary annually for attorney's office without field work.

OH MILLS PROSPEROUS.

Glowing Report Made to the Oil Mill Superintendents of South.

New Orleans June 3—That all the oil mills of Oklahoma are in prosperous condition and the business of all character was booming in the new state was the declaration of J. B. Alford of Shawnee Okla. before the annual convention of oil mill superintendents which convened here today. About forty Oklahoma owners and superintendents of oil mills are in attendance at the meetings. Delegates to the convention were today welcomed to the city by Mayor Berchman.

It is very probable that the 1910 session of the convention will be held in San Antonio Tex. it being the general opinion that that city should have the next session.

Ada State Normal President.

Prof. Chas. H. Biles president of the East Central State Normal located at Ada has concluded his last term as superintendent of the famous Muskogee public schools. Reached Ada his future home this morning. Prof. Biles' household goods are following close after him and there is much rustling around among Mr. Biles' already numerous friends seeking a suitable house for the occupancy of Ada Normal president. It appears that there is not a vacant house in the city. Within the near future Mr. Biles will construct a home appropriate for his requirements.

A Day of Darkness.

Beginning at dusk on June 16th Oklahoma will witness a rare phenomenon of practically thirty-six hours of night as a total eclipse of the sun will begin early in the morning of June 17th and continue until after dark. The eclipse will be visible as a partial one in the United States and Canada. There will be no eclipse south of a line drawn from San Francisco through Tucson Ariz. to Corpus Christi Bay Texas.

GREAT STRIKE IS NEAR AT END

RAILROAD MEN IN PHILADELPHIA WILL REACH AGREEMENT.

Welcome News After Day of Serious Riots in Pennsylvania City.

Philadelphia June 3—The strike of the motormen and conductors of the Pennsylvania Rapid Transit company is in the process of settlement. Those having the matter in charge confidently assert that it will be brought to a close within 24 hours.

Serious rioting which started last night was renewed today and three policemen and one woman were so badly injured that they were taken to hospitals where it is thought they cannot recover.

For the first time since the strike began a number of the employees of the elevated road joined the strikers.

Influential political leaders today took steps to bring the trouble to a peaceable conclusion. Senator McNichol on behalf of the men submitted to the company their demands. Twenty-two cents an hour instead of 25 cents originally asked by the men is said to be the new demand.

Other modifications were made in the union's demands which when submitted to the transit company according to Senator McNichol were assented to with some slight modifications. The modified agreement was returned to the men who will make their final answer tomorrow.
